And we have another hit, this was really phenomenal book. All I can say about this author Ms. Reeve is, well does this lady knows how to write or what? Everyone knows I love Black Hills Wolves but I was glued to this book, once I started it I couldn't put it down. Every book in this series is without a doubt exceptional, but some books like this one are extraordinarily remarkable. Kru Hawthorn is a Wolf Shifter, he was young when he left Los Lobos and Pack Taos decades ago because of the abuse to his sister that he had to endure. So Las Vegas, Nevada became his home, he joined a Motorcycle Club Dirty Ol' Bastards. And became a stone-cold killer and he was very good at it too. Kru was commissioned to a contract kill of Craven the President of another Club. Not everything happens the way there supposed too, someone beat him to the kill but framed him with his own knife. Gabby Salvador, is the sister to Craven Salvador, President of the Vipers Motorcycle Club, he asked her to come in his office, she did and the lights went out, he then told her to hurry up and hide, how she kept quite sitting still and watch was beyond her. BUT she will never forget the shadow of the killer's words. I was gifted this ARC for an honest and truthful review.
