Moving to the United States was nothing like her young imagination had concocted. She expected to see cowboys everywhere, and a covered wagon or two would have been really nice! Now she writes novels as untamed as the Rockies, while spending a fair amount of time in Texas...where, it turns out, the Texas Rangers law officers don't ride horses to roundup the bad guys, or have six-shooters strapped to their sexy thighs as she expected. And she's yet to see a poster that says Wanted: Dead or Alive. (Can you tell she has a vivid imagination?) Sierra wrote her first book at age nine, a fanfic episode of Star Trek when she was fifteen, and she completed her first romance novel at nineteen. She actually kissed William Shatner (Captain Kirk) on the cheek once, and she says that's her biggest claim to fame. Her adventure through the turmoil of trust has taught her that love is the greatest gift. Like her image of the Old West, her writing is untamed, and nothing is off-limits. She invites you to take a walk on the wild side...but only if you dare.

Wrapped up and bound in his love Par Jean Smith Lara Bertrand is the CFO for her family's company and lest you think it's a position granted by nepotism perish the thought. Lara has earned her way up in the business world. She's finance savvy and knows what she's doing. She also knows exactly what she doesn't want... CEO is NOT on her to do list. So, when she watches her father repeatedly throwing good sense out the window, she's left with some drastic measures to reign in his mad dash to financial ruin... Measures that include a marriage of convenience proposal to the only person she figures can help her pull things out of the spiraling decline they are on. Color her shocked, though, when her proposal is met with a counter. Her marriage of convenience isn't going to be all too convenient because Mr. Connor Donovan wants a submissive, a wife in his bed and fidelity... not for her initial proposal of a year, but for a full three years. To sweeten the pot he's offered her a taste of what being with him entails. Connor has had his eye on BHI for a while and the lovely Ms. Bertrand most recently. He wants their patents and their communication division but when he goes in above board, Petrell Bertrand turns him down flat without even looking at the offer. Now, he could sit around and pick up the pieces of the company as it crumbles or he could take Lara up on her proposal. He'd much rather have his collar and his ring on this enticing woman than take an unsure bet on what would be left of the company. But appearances are everything in the business world so there is no way he's going to accept an in name only proposal. She'll be living with him and gracing his bed. Her on her knees at his beck and call are the icing on the cake. But when he decides to give her a taste of just what a relationship with him would be like, he finds he has found his perfect match. Too bad the two of them can't see past their proposed end date on something that could be a lifelong journey together. These two are hot together and definitely a winning number. The BDSM scenes Ms. Cartwright has detailed will keep you on edge. It may be a rocky road to HEA but you will get there in the end. Gotta wonder what Connor's brothers Nathan and Cade have in store for us in the other two books in the series. This one is well worth the read.*****Reviewed for Xtreme-Delusions*****
